

# HDC Crime Prevention Tip!

## Replace Outdoor Light Fixtures with Motion-Activated Lights to Deter Criminals.

St. Paul Police recommend that homeowners replace their outdoor light fixtures with lights that are motion-activated, so lights will come on when criminals approach your property. Together, a neighborhood can drive criminals away with simple security steps like this.

To help support Crime Prevention in Highland Park, HDC has partnered with two local companies to bring you a special offer worth over \$200!

## \$100 Light Fixture Replacement Offer!

*Update your home security and save money!*

-> **New Motion-Activated Outdoor Light Fixtures with Bulbs from:**

**S & S Hardware** (Fairview & Randolph)

-> **Professional Electrical Services\*** from: **Highland Electric** (St. Clair and Cleveland)

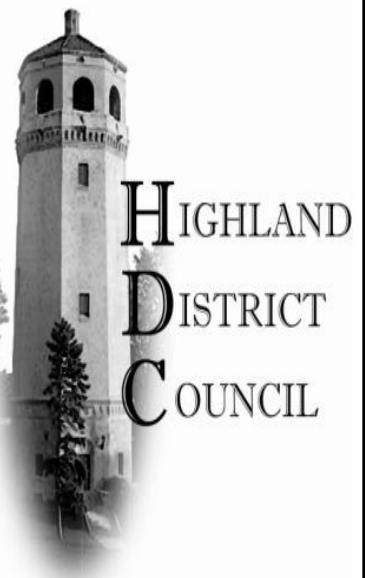

*\*Up to one hour. Typical replacements take one hour. For more than a simple replacement, additional labor and material costs may apply. Ask for details when calling.*

**Call Today to Make an Appointment!**

**651-690-1551 Derek Nissen (Highland Electric)**

This program is made possible through a partnership with HDC Crime Prevention. For questions please call the Highland District Council: 651-695-4005 Kathy Carruth (Community Organizer)

*Please pass this flyer on to your neighbors*

***Please support our local companies who support Crime Prevention!***
