## **D15 Planning Parks, Historic Preservation, Public Art & Water May 24, 2017 Meeting Minutes**

In our meeting last night we decided to divide up the work to develop goals, strategies, and actions for each of our 4 categories (parks and rec, water, historic preservation, and public art). We also decided we'd put drafts of everything in a shared google spreadsheet. We are going to use the current and in-development comp plans and other neighborhood plans as a template for developing our goals/strategies, and then use survey responses and the previous district plan to help with specific actions for our neighborhood that tie to these broader goals/strategies. Mary is going to do a content analysis on the survey responses after the deadline to help with that. The goal is to have draft strategies completed by our next meeting on June 20.

Here's how we are dividing up:  
Parks and Rec: Sarah and Jeff  
Water: Leslie  
Historic: Peter  
Art: Mary
